Subject Index

Acorn woodpeckers, importance of kinship to feeding behavior, 55
Agelaius phoeniceus, see Red-winged blackbirds
Alarm calls, deceptive use of, 1
Alectura lathami, see Australian brush turkeys
Animal–plant interactions, 131
Ants, leaf cutting, load-size determination, 95
Ascidae, 131
Australian brush turkeys, mating systems, 107

Biparental care, 116
Bird migration
  energetics of, 24, 102
  and predation risk, 102
Bird song, matching and perception, 43
Bison, reproductive effort and age, 148
Bramblings, migration and predation, 102
Brood demands, 116

Capuchin monkeys, wedge capped, behavioral variability with age and sex, 81
Carduelis chloris, see Greenfinches
Coevolution, 131
Concorde fallacy, 48
Cooperation, among fish, 7
Cooperative breeding, 55

Deception, in mating
  among pied flycatchers, 171
  among swallows, 1
Delayed plumage maturation, 161
Dynamic programming model, of food storage in birds, 12

Egg destruction, 55
Energy intake rate, in migrating birds, 102
Evolutionary stable investment strategy, 68, 116

Fat, cost in birds, 62
Female choice, 36
Ficedula hypoleuca, see Pied flycatcher
Finches, *see also* Bramblings
  Darwin's, delayed plumage maturation, 161
Flowering phenology, 131
Food storage
  and body mass changes, 12
  models, for birds, 12
Foraging
  arthropod, 131
  behavior in migrating birds, 24
  central place, in ants, 95
  relationship to age in monkeys, 81
  routines in small birds, 12
  and starvation risks in birds, 62
Fringilla montifringilla, see Bramblings

Game theory models, 116
Gasterosteus aculeatus, see Sticklebacks, three spined
Geospiza fortis, see Finches, Darwin's
Greenfinches, foraging in, 62

Habitat selection, in bramblings, 102
Haplodiploidy, 68
Heliconia trinidatis, effect of mites on, 131
Hirundo rustica, see Swallows
Hoarding, in small birds, 12

Inbreeding, 68
Inclusive fitness, 68

Lasioseius elegans, see Mites, hummingbird flower
Lek mating, 36
Local mate competition, 68

Mate choice, in birds, 171
Maternal age, and reproductive effort, 148
Mating systems
  among Australian brush turkeys, 107
  computer simulation of, 36
Megapodes, promiscuous, 107
Melanerpes formicivorus, see Acorn woodpeckers
Mites, hummingbird flower, dispersion patterns, 131

Natural selection, 161

Natural selection, 161

Parasite hypothesis of sexual selection, 125
Parentage, opportunity of, in woodpeckers, 55
Parental investment
  in bison, 148
  in male pied flycatchers, 48
  in starlings, 116
Parental investment theory, 48
Parus, see Tits
Paternity guards, 1
Pied flycatcher
  deception in mating, 171
  male parental investment, 48
  polyterritoriality, 171
Plumage
  heritability of rate of entry into, 161
  subadult, 161
Polygynandry, in woodpeckers, 55
Polygyny, in birds, 48, 171
Polyterritoriality, in birds, 48, 171
Predation risk, and bird migration, 102
Predator inspection, in fish, 7
Primate ecology, 81

Red-winged blackbirds, male fitness, 125
Reproductive costs
  in fish, 140
  in bison, 148
Reproductive success, age- and size-related differences in fish, 140
Rhinoseius trinitatis, see Mites, hummingbird flower

Sex ratios, 68
Sexual selection, 161
  effect of parasites on, 125
Size selectivity, 95
Starlings, European, biparental care in, 116
Starvation risk, and cost of carrying fat, 62
Status signalling, 161
Sticklebacks, three-spined
  cooperating partners, 7
  reproductive success, 140
Stopover ecology, 102
Sturnus vulgaris, see Starlings, European
Swallows, deceptive use of alarm calls, 1

Tits
  food storage in, 12
  song matching, 43

Variable fecundity, 68
Vigilance, and age, 81
Vireos, red-eyed, energy demands of migration, 24

Title Index

Age and size-related differences in reproductive success and reproductive costs in threespine sticklebacks (*Gasterosteus aculeatus*), 140

Biparental care: short-term manipulation of partner contribution and brood size in the starling, *Sturnus vulgaris,* 116

Deceptive use of alarm calls by male swallows, *Hirundo rustica*: a new paternity guard, 1
Distribution patterns of hummingbird flower mites (Gamasida: Ascidae) in relation to floral availability on *Heliconia* inflorescences, 131

Energy demands of migration on red-eyed vireos, *Vireo olivaceus,* 24

Lek formation by female choice: a simulation study, 36
Load-size determination in the leaf-cutting ant, *Atta cephalotes,* 95
Local mate competition with variable fecundity: dependence of offspring sex ratios on information utilization and mode of male production, 68

Male mating tactics in a promiscuous megapode: patterns of incubation mound ownership, 107
Male polyterritoriality and imperfect female choice in the pied flycatcher, *Ficedula hypoleuca,* 171
Manipulations of male parental investment in polygynous pied flycatchers, *Ficedula hypoleuca,* 48
Monitoring starvation risk: adjustments of body reserves in greenfinches (*Carduelis chloris* L.) during periods of unpredictable foraging success, 62

Opportunity of parentage and nest destruction in polygynandrous acorn woodpeckers, *Melanerpes formicivorus,* 55

Reproductive effort and associated costs in bison (*Bison bison*): do older mothers try harder? 148
The role of predation risk in stopover habitat selection in migrating bramblings, *Fringilla montifringilla,* 102

Secondary sexual traits, parasites, and polygyny in red-winged blackbirds, *Agelaius phoeniceus,* 125
Sex and age differences in the organization of behavior in wedge-capped capuchins, *Cebus olivaceus,* 81
The significance of subadult plumage in Darwin's finches, *Geospiza fortis,* 161
Song matching and the perception of song types in great tits, *Parus major,* 43

Tit for Tat: sticklebacks (*Gasterosteus aculeatus*) "trusting" a cooperating partner, 7

Why hoard? The economics of food storing in tits, *Parus* spp., 12
